

# STRUCTURES

High end design meets touch-worthy texture in the Structures collection, featuring our proprietary Dream-Step technology to create a multi-dimensional high and low pile weave combined with a soft, plush pile. Eye-catching designs in a variety of styles include painterly abstract, rustic distressed, natural patterns, geometric shapes, and boho chic, ensuring that you'll be able to provide the perfect piece to fit your customer's unique style. Each rug is machine made using state-of-the-art, computer-driven looms, and the low profile pile of super-soft polypropylene yarn provides high-end design without sacrificing comfort or durability. Easy to clean and stain resistant/fade resistant.

- Soft Frieze Heatset Polypropylene
- 9 Colors
- 25 mm Pile Height
- Fine Denier Yarn for the Ultimate in Comfort
- Made in the USA
