## EDGEWOOD

Take in the beautiful textures and welcoming palette of the Edgewood collection, featuring a blend of tonal neutrals in cream, beige and grey with pops of blue and rust. Fashionably faded for a rustic, modern look, these beautifully woven area rugs span a range of design styles, including traditional, abstract, and geometric patterns. Each design features both durable polypropylene yarn and polyester shrinking yarn for added dimension, creating a visually appealing element that elevates the look of any room. Regardless of a customer's home decor style, they'll be sure to find the perfect piece to complete the look of their space.

- Polypropylene & Polyester Shrink
- 8 Colors
