

HOUSE

Eye-catching design and luxurious softness come standard in our House collection. The collection features tonal greys, blues, beiges, and cream to complement your customers' unique styles with a large range of designs, including geometric, traditional, and natural patterns. A blend of two weaving techniques creates high and low elements that combine with tonal effects to add dimension to every rug. Each rug is machine made using state-of-the-art, computer-driven looms, and the low profile pile of super-soft polypropylene yarn offers high-end design without sacrificing comfort or durability.

- Polypropylene
- 6 Colors
- 20 mm Pile Height
- Cut & Loop Construction
- Machine Woven
